

No. DMG/6-E-Mines/2015/Mines  
Government of Goa,  
Directorate of Mines & Geology,  
Ground floor,  
Institute Menezes Braganza,  
Panaji – Goa.

Dated: 05/08/2015

**Sub: All inclusive loading charges at Mine head for e-auctioned ore.**

WHEREAS, it has been seen that there were disparity in charging loading charges by different Lease holders because of which some bidders have alleged that they are purposely made to pay extra amount by Lease holders, because of non finalisation of as no fix loading charges by Directorate of Mines & Geology.

The Central Empowered Committee in Karnataka, has restricted all inclusive loading charges payable by buyers/bidders Rs. 50/- per metric ton and the same is approved by Government of Goa, to be finalised as all inclusive loading charges including weigh bridge charges at mine head.

As such Rs. 50/- per metric ton is declared as all inclusive loading charges which shall be payable by successful bidders to any lease holders or Owner of any other storage point in Goa except Jetties for which charges are declared separately.

This shall come into effect immediately.

  
(Prasanna A. Acharya)  
Director of Mines & Geology
