ORDER

Sub : Requirement of Sales Permit for Ore Sold to Trader or Mineral Processing Plant

WHEREAS, the ore exported from Goa is regulated by issuance of NOCs by the Department to the exporters of mineral ore from Goa. However, the sale of ore for trading or domestic consumption within Goa is unregulated which leaves scope for mal-practices in such cases.

AS SUCH, it has been decided to regulate these activities by making Sale Permit compulsory when ore is sold to trader or mineral processing plant using ore as raw material within State of Goa.

The applications for issuance of sale permit must be made by the lease holder or trader addressed to the Director on plain paper giving details like name of the purchaser with trading licence details, quantity proposed to be sold, grade of the ore, royalty paid challan details, the details of schedule of dates when ore is proposed to be transported from stockyard to stockyard of trader or mineral processing plant.

These instructions are issued for strict compliance w.e.f. 10th May, 2012.
